Philippines (PICCS)	Compliant up to 4.60% <u>Labeling requirements:</u> Not to be used for children under three years of age <u>Restrictions:</u> Not to be used in preparations for children under 3 years of age, except for shampoos
Mexico (COFEPRIS)	Compliant up to 4.60% <u>Labeling requirements:</u> Not to be used for children under three years of age <u>Restrictions:</u> Not to be used in preparations for children under 3 years of age, except for shampoos

## ABS White Willow Bark Extract Powder Code: 10229

Attention must be paid to the use of ABS White Willow Bark Extract Powder in the equivalent of OTC formulations (eg. quasi-drugs in Japan, or therapeutic goods in Australia). Some countries maintain restricted inventories of raw materials that can be used in those applications so more detailed guidance may be required.

ABS White Willow Bark Extract Powder and its components and impurities are in compliance with the rules governing cosmetic products in the European Union (Directive 76/768/ECC & Regulation No. 1223/2009). However, ABS White Willow Bark Extract Powder contains natural phenolics which will test positive for salicylic acid (see also Specification). This should be borne in mind when formulating products containing ABS White Willow Bark Extract Powder. The recommended use levels for ABS White Willow Bark Extract Powder is 1.00 – 10.00%.

ABS White Willow Bark Extract Powder is in compliance with the standardized set of rules developed and approved by the NPA (Natural Products Association).

ABS White Willow Bark Extract Powder is considered a non-hazardous material. All significant toxicological routes of absorption have been considered as well as the systemic effects and margin of safety (MoS) based on a no observed adverse effects level (NOAEL). Due to the restriction placed on animal testing of cosmetic raw materials, and Active Concepts, LLC's internal non-animal testing policy, this product was not tested for NOAEL.

ABS White Willow Bark Extract Powder was tested using *in vitro* dermal and ocular irritation models. This product was found to be non-irritating in both models.

To our knowledge the above material is free of CMR (\*) substances, as defined according to Regulation (EC) No 1272/2008 and Cosmetic Regulation (EC) No 1223/2009 as amended.

(\*) Carcinogenic, Mutagenic, toxic for Reproduction

Active Concepts, LLC certifies that to the best of our knowledge our product does not contain any material listed on California Proposition 65.

As of December 16, 2013, ABS White Willow Bark Extract Powder does not contain any substances present on the so called "candidate list" provided by the European Chemicals Agency (ECHA).

Active Concepts, LLC certifies that ABS White Willow Bark Extract Powder does not contain any materials prohibited by Halal laws.

ABS White Willow Bark Extract Powder is REACH Compliant and free of the following:

- Camphor
- Dairy
- Dioxin
- Eucalyptol
- Formaldehyde or formaldehyde donors
- Glycol ethers
- Gluten
- Hydrolyzed Wheat Protein
- Lactose
- Menthol
- Nanoparticles
- Nitrosamines
- Palm oil/palm kernel oil (or derivatives)
- Parabens
- Paraffin/petroleum products
- Pesticide Residues
- Phthalates
- Polyethylene glycol (PEG)
- Residual solvents
- Soy
- Sulfates
- Volatile organic compounds

## Raw Component Regulations

Please note that the below are global regulations for the raw materials used to manufacture ABS White Willow Bark Extract Powder and are not for the product itself.

ABS White Willow Bark Extract Powder contains 53.00 – 65.00% Salicins, tested as Salicylic Acid. See below for a list of regulations:

### Salicylic Acid and salts:

- **Europe: Maximum Authorized Concentration up to 3.00% (0.50% as acid) when used other than a preservative, depending on the application:**
  - a) Rinse-off products: Up to 3.00%
  - b) Other products: Up to 2.00%
  - \*Limitations and requirements: Not to be used in preparations for children under 3, except for shampoos
  - \*Conditions of use and warnings which must be printed on the label: Not to be used for children under three years of age (1)
  - \*Note (1): Solely for products which might be used for children under three years of age and which remain in prolonged contact with the skin
  - \*Intended Purpose must be apparent from the presentation of the final product (e.g. facial toner, anti-acne lotion, peeling gel, etc.)
  
- **USA: Salicylic Acid is safe when formulated to avoid irritation and to avoid increasing sun sensitivity, or when increased sun sensitivity would be expected, directions for use include the daily use of sun protection.**
  - \*Journal Citation: IJT 22(3):1-108
  
- **Japan: Maximum Authorized Concentration:**
  - \*Salicylic Acid: 0.20 (per 100 grams)
  - \*Salicylic Acid Salts: 1.00 as total (per 100 grams)
  
- **Canada: Salicylic Acid permitted in concentrations of 2.00% or less**
  
- **China: Maximum Authorized Concentration of 0.50% (as acid)**
  - \*Limitations and requirements: Not to be used in products for children under age 3, except for shampoo
  - \*Warnings: Do not use for children under 3
  
- **Brazil: Maximum authorized concentration 0.50% (as acid):**
  - \*Limitations: Not to be used in children's products under 3 years, except for shampoos
  - \*Warnings: Not to be used for children under 3 years of age (1)
  - \*Note (1): Solely for products which might be used for children under three years of age and which remain in prolonged contact with the skin
  
- **ASEAN: Maximum authorized concentration 0.50% (as acid):**
  - \*Limitations: Not to be used in preparations for children under 3 years of age, except for shampoos
  - \*Warnings: Not to be used for children under 3 years of age
  
- **Mexico: Maximum authorized concentration 0.50% (as acid):**
  - \*Limitations: Not to be used in preparations for children under 3 years of age
  
- **Mercosur: Maximum authorized concentration 0.50% (as acid):**
  - \*Limitations: Not to be used in preparations for children under 3 years of age, except for shampoos
  - \*Warnings: Not to be used for children under 3 years of age
