Safety Statement

Product Name: AC Griffonia Lysate Advanced

Code: 16634

INCI Name: Griffonia Simplicifolia Seed Extract

AC Griffonia Lysate Advanced is manufactured by lysing *Griffonia simplicifolia* cells, which are then filtered.

Griffonia simplicifolia is of natural origin and is used commonly in nutritional wellness products like food supplements. Therefore it may be classified as Generally Recognized as Safe (GRAS) according to the FDA's Federal Food, Drug and Cosmetic Act.¹

The act states:

Any substance that is intentionally added to food is a food additive, that is subject to premarket review and approval by FDA, unless the substance is generally recognized, among qualified experts, as having been adequately shown to be safe under the conditions of its intended use, or unless the use of the substance is otherwise excluded from the definition of a food additive.¹

AC Griffonia Lysate Advanced was tested using *in vitro* dermal and ocular irritation models. This product was found to be non-irritating in both models. The full report is attached for reference.

The above information supports the safety of AC Griffonia Lysate Advanced in cosmetic applications at use levels of 1.0 – 10.0%. No further testing is required at this time.
