

ACB Yogurt Dermal Respiratory Factor PF Certificate of Compliance

Code: 20224PF
INCI Name: Lactobacillus Ferment Lysate Filtrate
INCI Status: Conforms
CAS #: 68333-15-3
EINECS #: N/A

The following information on regulatory clearances is believed to be accurate and is given in good faith as a guide to a global use of our ingredients in cosmetic applications. No representation or warranty as to its competences or accuracy is made. Information is offered for use in general cosmetic applications and may vary in particular applications. Users are responsible for determining the suitability of these products for their own particular use. All regulatory decisions should be made on the advice of your regulatory group or legal counsel.

ACB Yogurt Dermal Respiratory Factor PF Code: 20224PF

Attention must be paid to the use of ACB Yogurt Dermal Respiratory Factor PF in the equivalent of OTC formulations (eg. quasi-drugs in Japan, or therapeutic goods in Australia). Some countries maintain restricted inventories of raw materials that can be used in those applications so more detailed guidance may be required.

ACB Yogurt Dermal Respiratory Factor PF and its components and impurities are in compliance with the rules governing cosmetic products in the European Union (Directive 76/768/ECC & Regulation No. 1223/2009). However, ACB Yogurt Dermal Respiratory Factor PF contains natural phenolics which will test positive for salicylic acid. This should be borne in mind when formulating products containing ACB Yogurt Dermal Respiratory Factor PF. The recommended use levels for ACB Yogurt Dermal Respiratory Factor PF is 2.00 – 5.00%.

ACB Yogurt Dermal Respiratory Factor PF is in compliance with the standardized set of rules developed and approved by the NPA (Natural Products Association).

ACB Yogurt Dermal Respiratory Factor PF is considered a non-hazardous material. All significant toxicological routes of absorption have been considered as well as the systemic effects and margin of safety (MoS) based on a no observed adverse effects level (NOAEL). Due to the restriction placed on animal testing of cosmetic raw materials, and Active Concepts, LLC's internal non-animal testing policy, this product was not tested for NOAEL.

ACB Yogurt Dermal Respiratory Factor PF was tested using *in vitro* dermal and ocular irritation models. This product was found to be non-irritating in both models.

To our knowledge the above material is free of CMR (*) substances, as defined according to Regulation (EC) No 1272/2008 and Cosmetic Regulation (EC) No 1223/2009 as amended.

(*) Carcinogenic, Mutagenic, toxic for Reproduction

Active Concepts, LLC certifies that to the best of our knowledge our product does not contain any material listed on California Proposition 65.

Active Concepts, LLC certifies that ACB Yogurt Dermal Respiratory Factor PF does not contain any materials prohibited by Halal laws.

Active Concepts, LLC certifies that ACB Yogurt Dermal Respiratory Factor PF is in compliance with the 26 EU fragrance allergens set forth by the 7th Amendment to the Cosmetic Directive of the European Union (Dir 2003 15 CEE). Please see the Compositional Breakdown for additional information.

ACB Yogurt Dermal Respiratory Factor PF is REACH Compliant and free of the following:

- Formaldehyde or formaldehyde donors
- Glycol ethers
- Gluten
- Irradiation
- Lactose
- Nanoparticles
- Nitrosamines
- Palm oil/palm kernel oil (or derivatives)
- Parabens
- Paraffin/petroleum products
- Phthalates
- Polyethylene glycol (PEG)
- Residual solvents
- Sulfates
- Volatile organic compounds

Raw Component Regulations

Please note that the below are global regulations for the raw materials used to manufacture ACB Yogurt Dermal Respiratory Factor PF and are not for the product itself.

ACB Yogurt Dermal Respiratory Factor PF includes Leuconostoc/Radish Root Ferment Filtrate & Populus Tremuloides Bark Extract added as processing aids, which may test positive for 0.72 – 0.82% Phenolics (tested as Salicylic Acid). See below for a list of regulations:

Salicylic Acid and salts:

- **Europe: Maximum Authorized Concentration up to 3.00% (0.50% as acid) when used other than a preservative, depending on the application:**
 - a) Rinse-off products: Up to 3.00%
 - b) Other products: Up to 2.00%
 - *Limitations and requirements: Not to be used in preparations for children under 3, except for shampoos
 - *Conditions of use and warnings which must be printed on the label: Not to be used for children under three (1)
 - *Note (1): Solely for products which might be used for children under three years of age and which remain in prolonged contact with the skin
 - *Intended Purpose must be apparent from the presentation of the final product (e.g. facial toner, anti-acne lotion, peeling gel, etc.)
- **USA: Salicylic Acid is safe when formulated to avoid irritation and to avoid increasing sun sensitivity, or when increased sun sensitivity would be expected, directions for use include the daily use of sun protection.** (Journal Citation: IJT 22(3):1-108)
- **Japan: Maximum Authorized Concentration:**
 - *Salicylic Acid: 0.20 (per 100 grams)
 - *Salicylic Acid Salts: 1.00 as total (per 100 grams)
- **Canada: Salicylic Acid permitted in concentrations of 2.00% or less**
- **China: Maximum Authorized Concentration of 0.50% (as acid)**
 - *Limitations and requirements: Not to be used in products for children under age 3, except for shampoo
 - *Warnings: Do not use for children under 3
- **Brazil: Maximum authorized concentration 0.50% (as acid):**
 - *Limitations: Not to be used in children's products under 3 years, except for shampoos
 - *Warnings: Not to be used for children under 3 years of age (1)
 - *Note (1): Solely for products which might be used for children under three years of age and which remain in prolonged contact with the skin
- **Mexico: Maximum authorized concentration 0.50% (as acid):**
 - *Limitations: Not to be used in preparations for children under 3 years of age
- **ASEAN: Maximum authorized concentration 0.50% (as acid):**
 - *Limitations: Not to be used in preparations for children under 3 years of age, except for shampoos
 - *Warnings: Not to be used for children under 3 years of age
- **Mercosur: Maximum authorized concentration 0.50% (as acid):**
 - *Limitations: Not to be used in preparations for children under 3 years of age, except for shampoos
 - *Warnings: Not to be used for children under 3 years of age
