## ACB Bamboo Isoflavones PF Code: 20433PF

Attention must be paid to the use of ACB Bamboo Isoflavones PF in the equivalent of OTC formulations (eg. quasi-drugs in Japan, or therapeutic goods in Australia). Some countries maintain restricted inventories of raw materials that can be used in those applications so more detailed guidance may be required.

ACB Bamboo Isoflavones PF and its components and impurities are in compliance with the rules governing cosmetic products in the European Union (Directive 76/768/ECC & Regulation No. 1223/2009). The recommended use levels for ACB Bamboo Isoflavones PF is 1.00 – 10.00%.

ACB Bamboo Isoflavones PF is in compliance with the standardized set of rules developed and approved by the NPA (Natural Products Association).

As of June 18, 2012, ACB Bamboo Isoflavones PF does not contain any substances present on the so called “candidate list” provided by the European Chemicals Agency (ECHA). We further certify that this material has not been manufactured using any of the species listed in the CITES Appendices as of December 28, 2012.

ACB Bamboo Isoflavones PF is considered a non-hazardous material. All significant toxicological routes of absorption have been considered as well as the systemic effects and margin of safety (MoS) based on a no observed adverse effects level (NOAEL). Due to the restriction placed on animal testing of cosmetic raw materials, and Active Concepts, LLC’s internal non-animal testing policy, this product was not tested for NOAEL.

ACB Bamboo Isoflavones PF was tested using *in vitro* dermal and ocular irritation models. This product was found to be non-irritating in both models.

To our knowledge the above material is free of CMR (\*) substances, as defined according to Regulation (EC) No 1272/2008, Cosmetic Regulation (EC) No 1223/2009 as amended.

(\*) Carcinogenic, Mutagenic, toxic for Reproduction

Active Concepts, LLC certifies that to the best of our knowledge our product does not contain any chemicals known or suspected by the State of California to cause cancer or reproductive toxicity as listed under the California Safe Cosmetics Act & Proposition 65.

ACB Bamboo Isoflavones PF is REACH Compliant and free of the following:

- Formaldehyde or formaldehyde donors
- Gluten
- Glycol ethers
- Lactose
- Nanoparticles
- Nitrosamines
- Palm oil/palm kernel oil (or derivatives)
- Parabens
- Paraffin/petroleum products
- Phthalates
- Polyethylene glycol (PEG)
- Residual solvents
- Sulfates
- Volatile organic compounds
