Sesha Skin Therapy: Oxy Revital PL Cream

Product Description:

- Combination of oxygen with a powerhouse complex of active ingredients in a gentle and non-greasy cream to protect, soothe, calm and hydrate irritated skin. This cream contains perfluorodecalin (PFC) which has the ability to carry oxygen. This advanced cream is unique in the skincare industry and has been specifically designed to be used after aggressive treatments such as laser, microderma-brasion, acid peel and many others. This cream is also designed for sensitive, reactive and redness prone skin.

Key Ingredients:

- Cucurbitaceae (Gourd) Extract, Thermus Thermophyllus Ferment, **Undaria Pinnatifida Ferment Filtrate**, Alteromonas Ferment Extract, Shea Butter, Saccharomyces/Agave Americana Leaf Ferment Filtrate, Sodium Hyaluronate, Bisabolol, Perfluorodecalin (PFC) Oxygen, Niacinamide, Undaria Pinnatifida Cell Culture Extract, Ergothioneine

Beautopia: Stem Cell Super Serum

Product Description:

- Stem Cell Super Serum is an exceptional rejuvenating, deeply penetrating vitamin C serum that blends lilac stem cells with two ocean-derived molecular genetic modulators. This moisturizer fights signs of visible skin aging, diminishes appearance of nose to mouth creases, and brightens skin tone. Helping to activate anti-aging genes, this formula helps stimulate collagen, elastin and hyaluronic acid production, and helps to detoxify the accelerated aging protein progerin.

Ingredients:

- Water, Glycerin, Tetrahexyldecyl Ascorbate , Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, **Undaria Pinnatifida Extract**, Syringa Vulgaris Leaf Cell Cell Culture Extract Lilac, Brown Algae Extract, Sodium Hyaluronate, Xanthan Gum, Carrageenan, Tocopheryl Acetate, Citrus Aurantium Dulcis Oil Orange, Citrus Medica Limonum Peel Oil Lemon , Maltodextrin , Sodium Acrylates Copolymer, Hydrogenated Lecithin...
