---

Product Name: AC DermaPeptide Revitalizing PF

Code: 20454PF

INCI Name: Hydrolyzed Rice Protein

AC DermaPeptide Revitalizing PF is manufactured by extracting rice proteins in water under controlled conditions. The proteins are then hydrolyzed and filtered.

The Cosmetic Ingredient Review (CIR) published a safety assessment for rice products as used in cosmetics, including hydrolyzed rice protein. The study found that hydrolyzed rice proteins are not phototoxic, do not irritate the skin or eyes in animals, and are not skin sensitizers or irritants. The study concluded that all rice products studied are safe for use as currently employed in cosmetics.<sup>1</sup>

AC DermaPeptide Revitalizing PF was tested using *in vitro* dermal and ocular irritation models. This product was found to be non-irritating in both models. The full report is attached for reference.

The above information supports the safety of AC DermaPeptide Revitalizing PF in cosmetic applications at use levels of 1.0 – 4.0%. No further testing is required at this time.

1. "Amended Final Report on the Safety Assessment of Oryza Sativa (Rice) Bran Oil, Oryza Sativa (Rice) Germ Oil, Rice Bran Acid, Oryza Sativa (Rice) Bran Wax, Hydrogenated Rice Bran Wax, Oryza Sativa (Rice) Bran Extract, Oryza Sativa (Rice) Extract, Oryza Sativa (Rice) Germ Powder, Oryza Sativa (Rice) Starch, Oryza Sativa (Rice) Bran, Hydrolyzed Rice Bran Extract, Hydrolyzed Rice Bran Protein, Hydrolyzed Rice Extract, and Hydrolyzed Rice Protein."
