# bareMinerals: Correcting Concealer

## Broad Spectrum SPF 20

### Product Description:

This creamy formula combines broad spectrum SPF protection with exceptional lightweight coverage that blends seamlessly to conceal blemishes, dark under-eye circles and other skin imperfections all day long. More than a concealer, it also works to decrease the appearance of dark spots and discolorations for a radiant, even-toned complexion.

### Ingredients:

Isodecyl Isononanoate, Phenyl Trimethicone, Isocetyl Alcohol, Hydrogenated Polyisobutene, Polymethylsilsesquioxane, Hdi/Trimethylol Hexyllactone Crosspolymer, Polyethylene, Trioctyl dodecyl Citrate, Calcium Aluminum Borosilicate, Silica, Euphorbia Cerifera (Candelilla) Wax, Octadecenedioic Acid, Tocopheryl Acetate, Cetyl Esters, Ethylene/Propylene/Styrene Copolymer, Butylene/Ethylene/Styrene Copolymer, Lecithin, Lauryl Pca, Hydrogen Dimethicone, Vp/Hexadecene Copolymer, Alumina, Ethylhexyl Palmitate, Saccharomyces/Copper Ferment, **Lactobacillus/Lemon Peel Ferment Extract**, Phenoxyethanol
