# Neutrogena: Ultra Gentle Soothing Cream

## Product Description:

Neutrogena® Ultra Gentle Soothing Cream is a soothing daily moisturizer specially formulated for even the most sensitive skin. It's clinically proven to instantly calm and soothe skin while visibly reducing redness. Formulated with Chamomile and Feverfew, it strengthens skin's moisture barrier so it's less sensitive after just 1 week of use. Skin is left smoother, more supple, and healthier looking with daily use. With an allergy tested fragrance uniquely developed for sensitive skin, skin is left feeling calmer, softer and smoother.

# Osmotics Cosmeceuticals: Lipofill

## Product Description:

Even more telling than lines and wrinkles, the loss of facial volume can dramatically age the face. As we age, skin can sag, become slack and lose the underlying support structure that defines healthy, youthful facial contours. This topical formula contains an effective combination of clinically proven ingredients to increase the natural renewal of subcutaneous fat to visibly plump and fill troubled areas while restoring skin resilience, firmness and tone. Perfect for nasolabial folds, puppet lines, cheeks, under eye hollows or any trouble zones experiencing loss of volume ~ even the back of the hands.
