Product Name: AC Marine Collagen PF

Code: 20739

INCI Name: Soluble Collagen

AC Marine Collagen PF is manufactured by enzymatically hydrolyzing collagen under controlled conditions.

The Cosmetic Ingredient Review (CIR) conducted a safety assessment of hydrolyzed collagen. Hydrolyzed collagen was analyzed for a variety of safety tests, including acute oral toxicity, where it was determined to be nontoxic. An ocular irritation assay using hydrolyzed collagen at a 100% concentration found the product to be mildly irritating. A primary skin irritation tests proved that hydrolyzed collagen is non-irritating. Hydrolyzed collagen passed tests for subchronic dermal toxicity, sensitization, and phototoxicity.¹

AC Marine Collagen PF was tested using *in vitro* dermal and ocular irritation models. This product was found to be non-irritating in both models. The full report is attached for reference.

The above information supports the safety of AC Marine Collagen PF in cosmetic applications at use levels of 1.0 – 10.0%. No further testing is required at this time.
