

Code: 20496
 INCI Name: Lactobacillus/Pumpkin Fruit Ferment Filtrate
 INCI Status: Conforms
 CAS #: 89998-03-8
 EINECS #: 289-741-0
 China NMPA #: N/A

Below is a list of processing aids used, but not declared on the ingredient label:

INCI Name	CAS#	EINECS#	Percentage (%)	Function
Leuconostoc/Radish Root Ferment Filtrate	1686112-10-6 (or) 84775-94-0	N/A (or) 283-918-6	2.00%	Natural Antimicrobial

The following information on regulatory clearances is believed to be accurate and is given in good faith as a guide to a global use of our ingredients in cosmetic applications. No representation or warranty as to its competences or accuracy is made. Information is offered for use in general cosmetic applications and may vary in particular applications. Users are responsible for determining the suitability of these products for their own particular use. All regulatory decisions should be made on the advice of your regulatory group or legal counsel.

ACB Modified Pumpkin Enzyme PF Code: 20496

Attention must be paid to the use of this product in the equivalent of OTC formulations (eg. quasi-drugs in Japan, or therapeutic goods in Australia). Some countries maintain restricted inventories of raw materials that can be used in those applications so more detailed guidance may be required.

ACB Modified Pumpkin Enzyme PF and its components and impurities are in compliance with the rules governing cosmetic products in the European Union (Directive 76/768/ECC & Regulation No. 1223/2009). The recommended use levels for ACB Modified Pumpkin Enzyme PF is 1.00 – 10.00%.

Active Concepts, LLC certifies that Lactobacillus/Pumpkin Fruit Ferment Filtrate & Leuconostoc/Radish Root Ferment Filtrate used to produce the above listed ingredient are naturally occurring as defined by:

- a) An unprocessed chemical occurring in a natural environment, or
- b) A chemical occurring in a natural environment, being a substance that is extracted by:
 - (i) manual, mechanical, or gravitational means, or
 - (ii) dissolution in water; or
 - (iii) flotation; or
- c) A process of heating for the sole purpose of removing uncombined water without a chemical change in the substance.

As of September 26, 2023, ACB Modified Pumpkin Enzyme PF does not contain any substances present on the so called “candidate list” provided by the European Chemicals Agency (ECHA). We further certify that this material has not been manufactured using any of the species listed in the CITES Appendices as of September 26, 2023.

ACB Modified Pumpkin Enzyme PF is in compliance with the standardized set of rules developed and approved by the NPA (Natural Products Association).

The Nagoya Protocol provides a scheme for the fair and equitable sharing of benefits derived from Genetic Resources. Information regarding the Nagoya Protocol and Access and Benefit Sharing (ABS) is available at <https://www.cbd.int/abs/>. The agreement focusses on wild taxa and excludes most commercially cultivated crops. For the signatories to the agreement, responsibility for Benefit Sharing falls on the entity exporting or extracting the resource from the signatory country. Active Concepts audits its suppliers to conform compliance with the Nagoya Protocol where applicable.

ACB Modified Pumpkin Enzyme PF is considered a non-hazardous material. All significant toxicological routes of absorption have been considered as well as the systemic effects and margin of safety (MoS) based on a no observed adverse effects level (NOAEL). Due to the restriction placed on animal testing of cosmetic raw materials, and Active Concepts, LLC's internal non-animal testing policy, this product was not tested for NOAEL.

ACB Modified Pumpkin Enzyme PF was tested using *in vitro* dermal and ocular irritation models. This product was found to be non-irritating in both models.

To our knowledge the above material is free of CMR (*) substances, as defined according to Regulation (EC) No 1272/2008 and Cosmetic Regulation (EC) No 1223/2009 as amended. Products supported for Personal Care applications will not be classified as CMR (*), as defined by (EC) 1272/2008 on the Classification, Labelling and Packaging of Substances and Mixtures, unless supported by a positive SCCS opinion.

(*) Carcinogenic, Mutagenic, toxic for Reproduction

Active Concepts, LLC certifies that ACB Modified Pumpkin Enzyme PF is produced in compliance with the programs/regulations set by the following agencies in the State of California:

- California Safe Cosmetics Act (SB 484)
- California Proposition 65

Active Concepts, LLC certifies that ACB Modified Pumpkin Enzyme PF does not contain any materials prohibited by Halal laws.

ACB Modified Pumpkin Enzyme PF Code: 20496

Active Concepts, LLC certifies that to the best of our knowledge our product does not contain any restricted or prohibited materials listed on the Canadian Hotlist.

ACB Modified Pumpkin Enzyme PF does not include any of the 66 endocrine disruptors identified in Annex 15 of European Commission DG ENV towards the establishment of a priority list of substances for further evaluation of their role in endocrine disruption see http://ec.europa.eu/environment/archives/docum/pdf/bkh_annex_15.pdf

ACB Modified Pumpkin Enzyme PF is REACH Compliant and free of the following:

- Alkylphenols
- Ethylene oxide
- Butylphenyl methylpropional (Lilial)
- Formaldehyde or formaldehyde donors
- Furanocoumarin
- Glycol ethers
- Gluten
- Irradiation
- Lactose
- Microplastics
- Nanoparticles
- Nitrosamines
- Nonylphenols
- Palm oil/palm kernel oil (or derivatives)
- Parabens
- Paraffin/petroleum products
- Pesticide residues
- Phenols
- Phthalates
- Polyethylene glycol (PEG)
- Residual solvents
- Sulfates
- Talc
- Volatile organic compounds
