Product Name: ABS Coconut Water PF

Code: 10568PF

INCI Name: Cocos Nucifera (Coconut) Water

ABS Coconut Water PF is manufactured by simply filtering the natural coconut water.

Coconut (*Cocos nucifera*) is of natural origin, and it is used commonly in food and nutritional wellness products. Therefore it may be classified as Generally Recognized as Safe (GRAS) according to the FDA's Federal Food, Drug and Cosmetic Act.¹

The act states:

Any substance that is intentionally added to food is a food additive, that is subject to premarket review and approval by FDA, unless the substance is generally recognized, among qualified experts, as having been adequately shown to be safe under the conditions of its intended use, or unless the use of the substance is otherwise excluded from the definition of a food additive.¹

ABS Coconut Water PF was tested using *in vitro* dermal and ocular irritation models. This product was found to be non-irritating in both models. The full report is attached for reference.

The above information supports the safety of ABS Coconut Water PF in cosmetic applications at use levels of 1-10%. No further testing is required at this time.
