Revital-Eyes

Start:

Pomegranate, green tea, and caffeine are sourced regionally with respect to our three manufacturing sites. Pomegranate: California, Southern Italy, and India. Green Tea: South Carolina, Northern Italy, and Taiwan. Caffeine: North Carolina, Southern Italy, and Indonesia.

Green tea and pomegranate are mechanically processed while *Lactobacillus* is going through fermentation. Once filtered and blended together, caffeine is added along with *Lactobacillus* ferment.

Final Stop:

The result is a versatile active ingredient that nourishes and revitalizes the delicate skin around the eyes, effectively reducing under-eye bags and dark circles.

Road Map Tour

Nature's Brightening Blend to Revitalize the Undereyes

Pomegranate: Our pomegranates come from a family-owned Californian farm serving fresh markets and our headquarters for nearly two decades, certified organic growers in Puglia, Italy, and an Indian farm dedicated to organic, preservative-free cultivation using agricultural best practices.

Green Tea: Sourced sustainably, our green tea comes from a historic family farm in Charleston, South Carolina, Northern Italy's only tea plantation near Lake Maggiore with 20,000 *Camellia sinensis* plants, and eco-friendly growers in Yilan County, Taiwan.

Caffeine: In North Carolina, our supplier is a woman-owned business dedicated to empowering and uplifting female entrepreneurs. In Calabria, Italy, our supplier upholds artisan traditions to produce high-quality blends. In Taiwan, our partner sources beans from Indonesia, regularly visiting the farms to ensure exceptional quality, ethical practices, and agricultural safety.

We are transparent in our supply chain from harvest to production. It's important to know where our raw materials come from and where they are going.

Safety & Toxicology

Non-phototoxic

Non-irritant to skin

Non-sensitizing

Non-irritant to eyes

Non-harmful to aquatic life

Environmental Impact

Active Concepts Production

0.336 kg CO2e per kg

1.427 kW energy per kg

88.2 % Biodegradable after 28 days

0.954 litres water per kg

0.438 kg compost per kg

Animal Welfare

Never tested on animals and made from non-animal-derived ingredients. Neither we or our supply chain have allowed contact with any animal products, animal by-products, or derivatives.

Ethical Trade

In North Carolina, our small-batch roaster supplier uses Fair Trade beans from a woman-owned business blending Rainforest Alliance and Direct Trade practices.

Community Welfare

Our green tea supplier in Taiwan fosters agricultural education by engaging elementary school students in hands-on activities, teaching them to grow vegetables and develop a deeper connection to the land.

Regulatory

INCI: Water & Lactobacillus Ferment Lysate & Camellia Sinensis Leaf Extract & Punica Granatum Extract & Lactobacillus Ferment & Caffeine
