BiEau[®] Actif Tri-Mushroom

Start:

Ganoderma lucidum is sourced in North America, Italy, and Taiwan. *Inonotus obliquus* and *Cordyceps sinensis* is sourced in North America and transported to our additional manufacturing sites.

The mushrooms are sustainably grown in cell culture, minimizing waste and energy needed for crop production. Next, they go through mechanical grinding and filtration techniques.

Final stop:

The result is BiEau[®] Actif Tri-Mushroom, a vital botanical essence sustainably sourced to encourage an isotonic environment while reducing inflammation and promoting antioxidant protection.

Road Map Tour

Mushroom Magic for Your Skin

Ganoderma lucidum, or the reishi mushroom, is grown in North America, Italy, and Taiwan. Our farm-level sourcing in Taiwan is set up to mimic a natural forest structure with a misting system to allow the mushrooms to grow and prosper. The Taiwan farm also adopted Environment Control System practices to help minimize exposure to pests and bugs, which removes the need for pesticides. Our supplier in Italy is family-run and practices sustainability and organic farming practices. With a close-knit group of 60 workers, they all have a common goal for a greener world. Lastly, our North American supplier in South Carolina grows *Ganoderma lucidum* and *Cordyceps sinensis*, where their workers pay attention to soil quality and use a composting system. *Inonotus obliquus* is grown in Alaska at a farm that honors, learns, and acknowledges the indigenous people and their ancestral and present stewardship. BiEau[®] Actif Tri-Mushroom is composed of 3 mushroom species, sourced from all over the world while practicing sustainable procedures.

We want to be transparent in our supply chain from harvest to production. It's important to know where our raw materials come from and where they are going.

Safety & Toxicology

Non-phototoxic

Non-irritant to skin

Non-sensitizing

Non-irritant to eyes

Non-harmful to aquatic life

Regulatory

INCI: *Ganoderma Lucidum* Extract & *Inonotus Obliquus* (Mushroom) Extract & *Cordyceps Sinensis* Extract

CAS: 223751-82-4 & 2055734-24-O & 1174745-80-2

EUROPE: Compliant

USA: Compliant

JAPAN: Compliant as "Ganoderma Lucidum (Mushroom) Extract"

CHINA: Compliant

Environmental Impact

Active Concepts Production

0.199 kg CO₂e per kg

0.143 kW energy per kg

95.9 % Biodegradable after 28 days

0.302 kg water per kg

0.374 kg compost per kg

Animal Welfare

Never tested on animals and made from non-animal-derived ingredients. Neither we or our supply chain have allowed contact with any animal products, animal by-products, or derivatives.

Ethical Trade

Most of our suppliers are family-owned and they treat their employees like their own family. Describing their workforce as "close-knit", it is clear the employees feel welcomed and safe.

Community Welfare

Our South Carolina supplier gives back produce to the local college, uses waste from their dining hall for their composting program, and hosts gardening workshops for the community.

Specification

ORIGIN: Botanical/Bacteria PRESERVATIVES: None

APPEARANCE: Slightly Hazy to Hazy Liquid SOLVENTS: None

USE LEVEL: 1 - 10%
